

## For Your Continuing Professional Development

### 2014 Arrhythmia Symposium at the Cedars-Sinai Heart Institute

Friday, December 5, 2014  
Harvey Morse Auditorium  
Los Angeles, CA

6.75 AMA PRA Category 1 Credits™  
[Register Now!](#)

Sudden cardiac arrest (SCA) remains a major health problem domestically and globally today. In recent years there have been significant developments in diagnostic as well as therapeutic modalities for management of SCA. The overall goal of this program is to provide clinically relevant, state of the art information to healthcare providers regarding the management of SCA with a particular emphasis on risk stratification techniques. Special care has been taken to provide attendees with the opportunity to learn from and interact with individuals who are experts in the field of SCA. Attendees of the symposium will enhance their understanding of the diagnosis, triage, immediate management and tertiary referral of patients at risk for SCA as well as various heart rhythm abnormalities.

### 12th Annual Emergency Medicine Symposium – A Practical Update

Thursday, December 11, 2014  
Four Seasons Beverly Hills Hotel  
Beverly Hills, CA

7.0 AMA PRA Category 1 Credits™  
[Register Now!](#)

Emergency medicine physicians as well as other emergency department providers require continuous updates in their knowledge. ### 4th Annual Symposium on Lysosomal Storage Disorders

Thursday, December 11, 2014  
Advanced Health Sciences Pavilion  
Los Angeles, CA

8.0 AMA PRA Category 1 Credits™  
[Register Now!](#)

The purpose of this continuing medical education conference is to educate members of the multidisciplinary care team on most recent advances in identification, diagnosis, pathophysiology, management and treatment of a wide breadth of lysosomal storage disorders. The theme of the course is translation of scientific breakthroughs to the bedside. Highlights include advances in molecular diagnosis of lysosomal storage disorders, promise and pitfalls of newborn screening for lysosomal storage disorders, under-recognized clinical features, and updates on various treatment modalities.

### Advances in Nuclear Cardiology and Cardiac CT: Case Review with the Experts

Friday, January 23-Sunday 25, 2015  
Harvey Morse Auditorium  
Los Angeles, CA

26.5 AMA PRA Category 1 Credits™  
[Register Now!](#)

With a stellar faculty, "Advances in Nuclear Cardiology and Cardiac CT: 30th Annual Case Review with the Experts with 101 Evidence-based Cases" will provide the latest information in nuclear cardiology and cardiac CT, using images and clinical correlations on 101 cases as the principal teaching method. The course is designed to increase quality in performing, interpreting, reporting and applying nuclear cardiology and cardiac CT studies.

### 7th Annual Symposium on Neurovascular Disease

Saturday, January 24, 2015  
Casa Del Mar Hotel  
Santa Monica, CA

7.5 AMA PRA Category 1 Credits™  
[Register Now!](#)

This conference will provide participants with updated information on acute stroke treatments, explore stroke risk factors in women, and present the latest advances in neurovascular surgery technologies. Designed to encourage participation and discussion, this one-day conference provides an interdisciplinary approach using didactic lectures, case presentations, and audience polling and participation to present new neurovascular data and discuss challenging clinical cases. Renowned regional and national faculty will present and discuss both traditional and cutting edge treatments and management strategies.

**14th Annual Symposium on Current Concepts in Spinal Disorders**

January 29-31, 2015  
Aria Resort and Casino  
Las Vegas, NV 89109

14.5 AMA PRA Category 1 Credits™

[Register Now!](#)

The 14th Annual Symposium on Current Concepts in Spinal Disorders will focus on current treatment methodology, new and emerging technologies and controversies in spine care management. The faculty will be comprised of internationally recognized experts who will present lectures focused on healthcare reform, innovations in spine surgeries, biologics and stem cells, minimally invasive surgeries, motion preservation, complications and controversies, and deformities and pain management. Participants will have several opportunities for discussion and are encouraged to join faculty for discussions and debates regarding all topics.

**22nd International Symposium on Pancreatic & Biliary Endoscopy**

January 29-February 1, 2015  
Harvey Morse Auditorium  
Los Angeles, CA

27.5 AMA PRA Category 1 Credits™

[Register Now!](#)

The Cedars-Sinai 22nd International Symposium on Pancreatic and Biliary Endoscopy teaching conference will be held in cooperation with three major endoscopy centers in North America and Asia. This unique course offers an intensive and comprehensive review of pancreatic and biliary endoscopy for gastroenterologists, gastroenterology fellows and gastroenterology nurses. Symposium planners invited expert faculty to perform multiple live EUS and ERCP procedures to demonstrate technique and technology for the benefit of participants watching the live feed in the Cedars-Sinai auditorium. Participants will be provided with a list of the various cases and are encouraged to ask questions about what they were viewing through the session moderator.

**Multidisciplinary Symposium on Breast Disease 2015**

February 12-15, 2015  
The Ritz-Carlton  
4750 Amelia Island Pkwy  
Amelia Island, FL 32034

18.5 AMA PRA Category 1 Credits™

[Register Now!](#)

The symposium provides a multidisciplinary overview of the diagnosis and treatment of all stages of breast cancer. Faculty includes experts in the fields of surgical, medical and radiation oncology, pathology, radiology, surgery and patient advocacy. The target audience includes clinicians, specialists, and scientists involved in the care and treatment of patients with breast cancer, as well as research and education concerning this important disease.

**Update in Obstetrics and Gynecology 2015**

February 27, 2015  
Harvey Morse Auditorium  
Los Angeles, CA

8.5 AMA PRA Category 1 Credits™

[Register Now!](#)

This annual updates in OB/GYN is intended to review topics that are timely and relevant to general and sub-specialty OB/GYN providers. Each presentation will address its topic with a focus on the pertinent evidence in the literature that guides clinical care. A multidisciplinary and inclusive approach will be used to address latest controversies in the specialty relevant to each topic. One half day is devoted to gynecologic topics and the other half to obstetric topics. A lively debate will end the conference incorporating several speakers' views. The topics covered in 2015 include epidural vs Continuous Spinal Epidural for labor, diabetes in pregnancy, the role for VBAC, maternal cardiac disease and maternal mortality, and the latest update in using cell free DNA for aneuploidy screening. For GYN the topics include the latest on what to do for menopausal women, new guidelines for pap screening, PCOS management, should we be screening for ovarian cancer, and immediate postpartum contraception.
