

2015 Clinical and Translational Research Workshop

MONDAY, JULY 27, 2015

- 8:30-9:30am **Ed Posadas, MD**
Clinical Perspective of Translational Studies
- 9:30-10:30am **Steven Piantadosi, MD PhD**
Methodological Basis of Translational Trials
- 10:45-11:45am **Nancy Sicotte, MD**
Clinical Perspective on Studies Using Biomarkers/Surrogates

TUESDAY, JULY 28, 2015

- 8:30-9:30am **Monica Mita, MD**
Clinical Perspective on Dose Ranging/Dose Finding
- 9:30-10:30am **Andre Rogatko, PhD**
Designs to Establish Safety/Escalation with Overdose Control
- 10:45-11:45am **Alain Mita, MD**
Do's and Don'ts of Phase I Clinical Trials

WEDNESDAY, JULY 29, 2015

- 8:30-9:30am **Robert Figlin, MD**
Clinical Considerations in Phase II Trial Design
- 9:30-10:30am **Steven Piantadosi, MD PhD**
A Paradigm of Therapeutic Development for Precision Medicine
- 10:45-11:45am **Christine Szekely, PhD**
Considerations in Protocol Development, CRO Perspective

THURSDAY, JULY 30, 2015

- 8:30-9:30am **Susan Groshen, PhD**
Principles of Comparative Trial Design and Analysis
- 9:30-10:30am **Roger Lewis, MD PhD**
Adaptive Designs
- 10:45-11:45am **Curtis Meinert, PhD**
Data Monitoring

FRIDAY, JULY 31, 2015

- 8:30-9:30am **William Audeh, MD**
Genomic Medicine and Drug Development – Clinical Trials in the Genomic Era

Special Lecture Series

Davis Building, Plaza Level, Room 1004
