Pediatric Fundamental Critical Care Support

December 15-16, 2016

Cedars-Sinai Advanced Health Sciences Pavilion, Los Angeles, California 90048

18.0 AMA PRA Category 1 Credits™

The purpose of this conference is to provide cutting-edge clinical information to non-intensivist practitioners to ensure clinical excellence and improve the quality of care for critically ill or injured pediatric patients prior to the arrival of a pediatric consultant or pending transfer of the patient to another facility.

January

Advances in Nuclear Cardiology and Cardiac CT: 32nd Annual Case Review with the Experts with 101 Evidence-based Cases

January 20-22, 2017

Cedars-Sinai Medical Center, Harvey Morse Conference Center, Los Angeles, CA 90048

26.0 AMA PRA Category 1 Credits™

The objectives of the program are designed to meet the current needs of professionals who perform or request nuclear cardiology, cardiac CT or Cardiac MRI studies. Using these studies optimally requires knowledge of best practices for the modalities, from performing to reporting the studies, the evidence base regarding their use, the relevant appropriateness of their use in specific clinical settings, and the treatment options that should be recommended based on the results.

Registration: cedars-sinai.edu/nuclearcardiologycme

9th Annual Symposium on Neurovascular Disease 2017: Pediatric Neurovascular Disease

January 21, 2017

Casa Del Mar, Santa Monica, CA 90405

7.25 AMA PRA Category 1 Credits™

The 9th Annual Neurovascular Symposium will focus on neonatal and pediatric ischemia and bleeds, detail pediatric vasculopathy and aneurysms, explore cerebral arteriovenous malformations and discuss the screening and treatment of other vascular malformations. Designed to encourage participation and discussion, this one-day CME activity provides an interdisciplinary forum that uses traditional lectures, case presentations, and audience polling and participation.

Registration: cedars-sinai.edu/neurovascularcme

24th International Symposium on Pancreatic & Biliary Endoscopy

January 26-29, 2017

Cedars-Sinai, Harvey Morse Conference Center, Los Angeles, CA, 90048

33.5 AMA PRA Category 1 Credits™

This nationally recognized interventional gastroenterology group is dedicated to evaluating and treating difficult gastrointestinal diseases through advanced endoscopic technologies. Combining innovative research, the expertise and excellence of a multidisciplinary team and state-of-the-art technology, Cedars-Sinai provides a range of services for patients that is matched by few other medical centers. Cedars-Sinai's record for successful outcomes and patient safety in treating pancreatic and biliary diseases is nationally recognized.

Registration: cedars-sinai.edu/pancreaticbiliarycme

February

16th Annual Symposium on Current Concepts in Spinal Disorders

February 2 - February 4, 2017

Cosmopolitan of Las Vegas, Las Vegas, NV, 89109

15.0 AMA PRA Category 1 Credits™

The 16th Annual Symposium on Current Concepts in Spinal Disorders focuses on treatment methodology, controversies in spine care management, and new and emerging technologies. The faculty is comprised of internationally recognized experts who will present lectures focused on innovations in spine surgeries, spine sciences including biologics, stem cells, minimally invasive surgeries, motion preservation, complications, controversies, and deformities. Participants will have several opportunities to hold personal interactions with many of our countries leading spine professionals. All attendees are encouraged to join faculty for discussions and debates regarding all topics.

Registration: cedars-sinai.edu/spinecme

22nd Annual Multidisciplinary Symposium on Breast Disease

February 9 - February 12, 2017

The Ritz Carlton, Amelia Island, Fernandina Beach, FL, 32034

24.75 AMA PRA Category 1 Credits™

The program is designed to offer several one-day and half-day pre-symposium workshops, plenary sessions, case presentations and panel discussions with active participation of the audience. The speakers are recognized authorities in their specialties, with experience in presenting the most controversial aspects surrounding the spectrum of benign, premalignant and malignant breast lesions.
